

For Immediate Release**South Peace River Real Estate Market Inventory Muted**

KELOWNA, B.C. – June 5th, 2024. Residential real estate activity in May showed signs of heading into a balanced market as inventory climbs, reports the Association of Interior REALTORS® (the Association).

A total of 1,512 residential unit sales were recorded across the Association region in May coming in above April's 1,282 units yet 10.7% below May 2023's units sold.

"Market activity last month has risen compared to the month before. However, it's not surprising that this year's May activity is lower than last year's, considering the market was fairly heated a year ago," says the Association of Interior REALTORS® President Kaytee Sharun, adding that "this is a pretty typical level of market activity that one would expect to see in the Spring months."

"There seems to be a return of consumer confidence with the gap between buyers' and seller's expectations narrowing that has helped ramp up market activity after a muted first quarter," notes Sharun.

New residential listings saw a healthy increase of 15.8% compared to May 2023 with 3,618 new listings recorded last month. The total number of active listings saw an uptick of 43.2% of total inventory compared to May 2023 with 9,683 recorded across the Association region. The highest percentage increase in active listings was in the Central Okanagan region with a total increase of 58% compared to May 2023.

"With a healthy dose of inventory, we are seeing more balanced market conditions after years of the pendulum mostly swinging in the direction of a sellers' market," adds Sharun.

In the South Peace River region, there was a total of 47 residential unit sales recorded in May marking a 51.6% increase compared to the same time last year, and up from April 2024's 33 units sold. There was a decrease of 24.4% in new listings in year-over-year comparison with 65 new listings recorded for the month, and down 14.1% in total active listings compared to May 2023 with a total of 225 listings.

"Despite solid and steady sales activity in the South Peace River region, muted inventory continues to stifle demand in the region as potential buyers are left with little options in their homebuying journey," says Sharun.

The average price for single-family homes decreased 10.8% compared to May 2023 coming in at \$305,078. The average price for condominiums saw an increase of 89.1% in year-over-year comparison coming in at \$112,500.

Given the high stakes on such a significant financial transaction, home sellers and buyers can benefit from the knowledge and skills of a practiced REALTOR®. Contact your local REALTOR® to find out more about the real estate market and how they can help you achieve your real estate goals.

MEDIA RELEASE

The Association of Interior REALTORS® is a member-based professional organization serving approximately 2,600 REALTORS® who live and work in communities across the interior of British Columbia including the Okanagan Valley, Kamloops and Kootenay regions, as well as the South Peace River region.

The Association of Interior REALTORS® was formed on January 1, 2021 through the amalgamation of the Okanagan Mainline Real Estate Board and the South Okanagan Real Estate Board. The Association has since also amalgamated with the Kamloops & District Real Estate Association and the Kootenay Association of REALTORS®.
